The boom of C. D. Ingell & Co. broke at Irvine last Friday. Over three thousand logs are said to have been loosened and went down the river which incurred a loss of \$20,000 or more. The Peters Lumber Company's boom at Ford failed in its attempt to catch the logs. The boom is damaged to the extent of \$500 and throws thirty men out of employment.

Grant Green, Jr., formerly cashier of the Clay City National Bank, has invented a machine with which railroad ties can be made that equal hewn ties, and at an expense of not more than two cents each.
